Dear Fellow Beef Producers,

Wehri Gelbvieh is again offering purebred Gelbvieh bulls for sale at the ranch. We have an elite group of 19 yearling bulls available this year. This may be the most uniform group of bulls that we have offered for some time. Both black and red bulls are available. Several of the black bulls were DNA tested this fall confirming either homozygous polled or homozygous black status. If you are looking for two-year old bulls, we have six of them available.

Our calves are raised on mother's milk and grass. They receive no creep feed. The weaning weights are a true representation of how the calves grow on the cow. Once the bulls are weaned, they are pail fed a grain ration that we obtain from DakotaLand Feeds along with mixed hay. The goal with our feeding program is to have moderate weight gain. Bulls leaving our ranch will have sound feet and be ready to go to work on your ranch. They will be given a breeding soundness exam and semen tested prior to delivery. We will feed the bulls free of charge until June 1, 2018.

Wehri Gelbvieh has been raising Gelbvieh cattle for 34 years. Our ranch has consistently ranked among the top 20 Gelbvieh herds in the nation for Dams of Merit and Dams of Distinction. The title "Dam of Merit" recognizes cows that meet strict selection criteria including early puberty and conception, regular calving intervals, and above-average weaning weights on at least three calves. Of the 39039 active cows in the Gelbvieh breed, only 5.8 percent qualify for Dam of Merit. The "Dam of Distinction" honor recognizes cows that meet the same high standards for superior, long-term productivity with at least eight calves. Just 1.0 percent of all active Gelbvieh cows qualify for this elite group.

If you are looking for a Gelbvieh bull this spring to add to your breeding program, please consider purchasing it from Wehri Gelbvieh. We would love the opportunity to show you our cattle and help you improve your herd genetics. Please call Brian at 701/880-0467 if you have any questions or for a showing of the bulls.

Best of luck in 2018,

Wehri Gelbvieh
